Re: WC Docket No. 14-171; FCC Form 555;
TransWorld Network, Corp., Study Area Code: TBD, New Mexico

TransWorld Network, Corp. ("TransWorld" or "Company") hereby provides this Notice of Status related to its conditional designation as an Eligible Telecommunications Carrier ("ETC") in the state of New Mexico, in lieu of filing FCC Form 555. As a conditional ETC, TransWorld has not been assigned a Study Area Code by the Universal Service Administrative Company ("USAC").

TransWorld is not currently receiving high cost or Lifeline universal service support and is not eligible to provide Lifeline service in New Mexico; instead, TransWorld's ETC designation in New Mexico is "strictly for the limited purposes of being eligible to participate in future CAF auctions."¹ As a fixed-wireless competitive ETC ("CETC") designated on February 20, 2013, TransWorld is not eligible for high-cost or Lifeline universal service support, but is eligible to participate in future Connect America Fund ("CAF") auctions or funding mechanisms, such as the Remote Areas Fund ("RAF") and CAF Phase I and Phase II support mechanisms in price cap telephone company areas.

Any questions concerning this filing should be directed to the undersigned.

Respectfully submitted,

Colin Wood
